

## Message regarding continuing status fees program

Dear CUPE 3913 members,

We wanted to reach out with some updates regarding the **50% tuition fee waiver for full-time PhD students continuing beyond their 12th semester.**

The university has informed us that due to bureaucratic and communication errors, the 50% tuition fee reduction **has not yet been posted to members' WebAdvisor accounts**, and they **have not sent confirmation** to eligible members that the discount will be applied.

## Message regarding continuing status fees program

However, they have assured the union that the discount will be applied to eligible members' accounts on **August 15, 2024**.

As a reminder, this discount is applicable for **full-time PhD students who are beyond their 12th semester of study**.

Please do not hesitate to reach out to us if you have any questions or concerns.

Sincerely,

CUPE 3913 Executive Committee
